Background on Presenting Problems

What prompted you to contact JFSGNH?

Max: 4000 characters.

What are your major concerns and specifically what type of assistance are you seeking?

Max: 4000 characters.

In your opinion, in what areas of life would the client be accepting of help?

(i.e. help with personal chores, companionship, memory, personal problems) Give this some thought, as this is key to the social worker's plan for a successful approach to the client

Max: 4000 characters.

What are your lifetime goals and how can we help you achieve that?

Max: 4000 characters.

### ADIs/IADLs including Safety

Have you ever had a private duty aide in your home to help you with activities of daily living?

Do you have any durable medical equipment or other assistive devices at home?
