

June Network Offerings

The Network is delighted to offer several calls and webinars each month. Some offerings are presented by NJHSA Staff and member agency professionals while others are offered by sponsor organizations and partners. Please encourage your staff to participate in [Network calendar events](#). They are a benefit of membership and afford our Jewish communal professionals the opportunity to network and develop professionally. If you have suggestions for future sessions please direct them to [Karen Rosen](#), Director of Membership at 201-977-2614.
