

FANTASTIC OPPORTUNITY
BEAUTIFUL NAPLES FLORIDA

Naples Senior Center at JFCS

Chief Program Officer

Background

Initially founded by the Naples Jewish community and Jewish Family & Community Services, the Naples Senior Center opened its doors in January 2014 as the first senior center in Collier County. As a registered nonprofit organization NSC is committed to serving individuals of all faiths and nationalities. Everyone is welcome. The work of NSC advances societal values by serving the needs of the most vulnerable among us.

Naples Senior Center at JFCS supports and enriches the lives of seniors and families in the Greater Naples community by providing tools to address life's challenges. The senior center is a dynamic gathering place with a safe, nurturing environment for seniors to socialize, learn and stay active. Membership has grown from 80 seniors in 2014 to over 1,400 seniors today due to an increased demand for services and a growing senior population.

Naples Senior Center provides dementia respite care, geriatric case management, emotional support services, a food pantry and more. These programs are designed to support and strengthen people of all backgrounds and beliefs, often when they are most vulnerable.

We are seeking an experienced Chief Program Officer who can lead the programmatic initiatives as we grow and expand.

Summary

The position of Chief Program Officer is a critical C-Suite position that provides leadership and direction on all matters related to programming including the analysis of needs and

opportunities, allocation of available funding, implementation of service delivery and evaluation of impact.

The Chief Program Officer must be a dynamic executive with a proved record of accomplishment regarding program management who can lead a team of 4 Directors in the day to day operations of the organization's key programs. The CPO will oversee Client Services, Case Management, and Volunteer Services. Reporting to the CEO, the CPO needs to have a clinical background and a keen understanding of the Lay / Pro relationships in staffing volunteer committees and collaborations with the Board of Directors.

Qualifications

Ability to successfully navigate in a fast-paced, outcomes driven and entrepreneurial environment.

An MSW degree is highly desired along with at least 5 - 7 years' clinical experience in that or a related field

5- 7 years management or supervisory experience, preferably in the non-profit sector. Strong supervisory skills to sustain performance, encourage employee growth and success to maintain a mutually supportive working environment.

General and business knowledge with 5+ years of progressive experiences in community services programming, project management and staff management.

Experience implementing and managing state and federal grants and conducting similar work in a health, academic or social service setting preferred.

Strong written and oral communication, diplomacy and interpersonal skills.

In-depth knowledge and experience of community services, programming strategies, methods and techniques, as well as knowledge of the Jewish and non-Jewish communities we serve.

Advanced analytical and problem-solving skills.

Knowledge and prior use of program evaluation techniques.

Proven organizational and project management skills.

Proven experience in public speaking.
