

EVENT SPONSORSHIP

The Network is an international membership association of more than 140 nonprofit human service agencies in the United States, Canada and Israel. Its members provide [a full range of human services](#) for the Jewish community and beyond, including healthcare, career, employment and mental health services, as well as programs for youth, families and seniors, Holocaust survivors, immigrants and refugees, persons with disabilities and caregivers.

The Network is the leading voice for the Jewish human service sector. As the go-to resource for advocacy, best practices, innovation and research, partnerships and collaborations, The Network strengthens agencies, so they can better serve their communities.

Membership in the Network brings agency's professional and lay leadership and their community's immediate access to cost-saving resources and best practice interventions specifically designed to extend an agency's capacity to serve those in need. Exclusive member agency benefits provide financial savings, advocacy, connections, information and specialized organizational support.

The Network partners with local, national and international organizations that align with our mission, in addition to start-up companies, universities, foundations and corporations, philanthropists and government.

The Network views event sponsorship as a stepping stone to forming a continuous partnership with clear, achievable goals. We encourage you to explore this opportunity and reach out to Megan Manelli, Director of Marketing & Communications at mmanelli@networkjhsa.org.
