

#### Our Purpose

Jewish Family Service is a client-centered, impact-driven organization working to build a stronger, healthier, more resilient San Diego

January 27, 2020

Dear Geraldine,

Thank you for your generous gift to Jewish Family Service of San Diego.

Last year, you helped vulnerable individuals and families turn their toughest days into the first steps toward a brighter future. Because of you, everyone who came to JFS for help was connected to the programs, resources, and compassionate support they needed to move forward.

For your convenience and assistance with your tax preparation, we have attached a summary of your contributions to JFS for the 2019 calendar year.

On behalf of all of us at JFS, thank you again for your generosity. By working together to uplift individuals and families, we strengthen the whole community.

Please do not hesitate to contact [REDACTED] if you have any questions or if you would like to update your contact information in our records.

Thank you for building a stronger, healthier San Diego.

With gratitude,
