Which of the following descriptions most closely reflects your organization's current overall approach to technology and technology decisions? *

- "We are struggling; we have a failing infrastructure, and our technology time and budget generally go towards creating workarounds, repairing old equipment, and duplicating tasks."
- "We keep the lights on; we have basic systems in place to meet immediate needs. Leadership makes technology decisions based on efficiencies, with little to no input from staff/consultant."
- "We keep up; we have stable infrastructure and a set of technology policies and practices. Leadership makes technology decisions based on standard levels according to industry/sector information and gathers input from technology staff/consultant before making a final decision."
- "We're innovators; technology is an investment in our mission, and leadership integrates technology decisions with organizational strategy. Technology-responsible staff are involved in overall strategic planning. We explore new tools and approaches to ensure our technology is up-to-date and is serving the needs of our organization and community."

Rate on a scale of 1 to 5 your agreement with statements about technology resources and the application of that technology at your organization.

Program: Nonprofit Tech Readiness NJHSA Cohort

Application for NJHSA sponsored NTR cohort.

Step 2 of 2

100%

Why do you want to participate in a 6-month cohort program? *

How do you think it will help you in reaching your organization's mission? *

The NJHSA cohort is focused on supporting organizations looking to increase the internal technology management capacity of staff and provide direct support to those leading efforts to reimagine services online. Participants with specific projects to use as working examples throughout the program increase the likelihood of new skills and knowledge being adopted. Please share examples of specific projects you could use as context during the program.

Supporting diversity, equity, and inclusion

We place a strong emphasis on diversity, equity, and inclusion in all of our programs. We're actively seeking Black, Indigenous, other people of color, gender nonconforming, people with disabilities, LGBTQ+, as well as other under-represented community members to join this program. Please use this space to self-identify if you feel comfortable doing so. This is not required.

Additional Information

Please share any additional information you feel will be useful in our application review process. Examples may include a demonstration of completing previous online courses, other professional development efforts you're engaging in, etc.

Acknowledgements

- * I understand that participation requires 8-10 hours per month.
- * I understand that participation includes attending the Nonprofit Technology Conference. Any associated costs will be covered as part of participation.
