Description

Summary

We are seeking to add full and part-time therapists (LCSW preferred, MSW/LSW considered) who are passionate about serving older adults to our hybrid clinical team. Therapy services are provided primarily via telehealth; however, therapists may also see clients in our West Rogers Park or Deerfield offices or in client homes on a very limited basis. CJE's Counseling Services team has realistic caseload expectations with an emphasis on work/life balance and no evenings or weekend hours required.

We are excited to expand our mission-driven team of skilled clinicians who are committed to providing high quality individual psychotherapy to older adults within a dynamic community agency setting. There are also opportunities to provide family and group psychotherapy based on professional interest.

We strongly believe that no therapist should do this work alone and we strive to provide an affirming and supportive culture in which social work professionals can grow and thrive!

Therapists receive group and individual clinical supervision weekly to enhance clinical skills and support therapist growth and self-care. Additionally, we provide ongoing professional education as well as reimbursement for CEUs and certifications.

We offer a competitive salary, sign-on bonus, and comprehensive benefits package including affordable medical, dental, and vision insurance and paid time off including vacation, sick days, and Jewish Holidays. As a non-profit agency, careers at CJE offer eligibility for the national Public Service Loan Forgiveness program.

*The sign on bonus for Full Time LCSW is \$2500 and MSW is \$1500. Part Time position bonuses will be pro-rated.

Essential Duties and Responsibilities include the following. Other duties may be assigned.

- Provide individual psychotherapy through a person-centered, trauma-informed lens.
- May also provide family and group therapy and facilitate support groups based on professional interest and opportunity.
- Demonstrate comfort with or willingness to learn primary electronic software platform for all practice functions including scheduling, telehealth visits, billing and documentation.
- When necessary, perform some care management and care coordination which may include internal referrals to CJE's comprehensive network of services.
- Apply cultural competency in assessment and ongoing client work, especially in work with older adults who are Jewish, but also with those of other cultural backgrounds.
- Participate in weekly individual and group supervision.
- Enhance clinical skills and professional self through ongoing clinical education and training.
- May provide field instruction for clinical social work students with support of designated agency field liaison.

Education, Experience and Licensure

(Minimum education and experience qualifications)

- (Preferred) Current State of Illinois Licensed Clinical Social Worker
- Master's Degree in Social Work from an accredited college or university.
- Knowledge and expertise in aging, mental health and human behavior
- Psychotherapy experience preferred

Other Qualifications

- Comfort with technology and willingness to do remote work including telehealth
- Familiarity and skill in using MS Office, including Outlook and Word is required
- Capacity to learn inSync electronic health software system
- Ability to work in either West Rogers Park or Deerfield offices as needed
- Ability to provide occasional home visits to clients in areas near offices as needed
- Willingness to work occasional evening hours preferred but not required
