\*Over the next four years, we will raise an extra \$5M over our annual operating budget: \$3M for anticipated program growth, \$1.4M for capital needs, and \$600K for endowment and legacy. (Total raised during the 4 years = \$23m)

We will be asking you and others to consider a special anniversary gift beyond your generous annual giving to JFS. Families and individuals can decide how they would like to have their gifts recognized.
